### **DETAILED ACTION**

The amendment filed April 23, 2007 has been entered. Claims 1-10 are canceled. Claims 11-13 are added and pending.

### ***Drawings***

The drawings were received on April 23, 2007. These drawings are approved.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 13 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 13 is replete with indefinite language. For example, lines 3 and 4 recite the limitations "the drive wheel shaft," "the ratchet gear," and "the decelerator". There is insufficient antecedent basis for these limitations in the claim. Additional indefinite language can be found throughout the claim. Applicant should thoroughly review claim 13 and amend to ensure clarity and accuracy.

### ***Allowable Subject Matter***

Claims 11 and 12 are allowed. The prior art does not suggest the combination of features defined by these claims.

***Response to Arguments***

Applicant's arguments with respect to claims 11 and 12 have been fully considered and are persuasive. In regard to claim 13, Applicant's arguments with respect to the previous terms of rejection are moot in view of the new ground of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

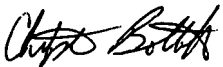

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
